Notes
- This guide demonstrates installation of the app through Android device. Same steps are required should you wish to install the app through iOS devices.
- The app only functions / stable when your device is connected to IMU Wi-Fi / network.
- IMU Library only subscribed to e-books resources.
1. ACCOUNT REGISTRATION

Access Library portal:

Click Thieme E-Books
Click **Sign Up for access from home**
In order to access MedOne Education from outside your institution, you must first set up a user name and password in the IP range of your institution. This step must be completed on a PC within your institution, so that you are recognized as a legitimate user.

In order to start the registration process for home access, click here: Click Register Now

Please complete all fields marked with * in the form.

We recommend that you use your e-mail address as a user name. The password must be at least 8 characters long and must not correspond to the user name.

After you have confirmed your entries, you will receive an e-mail from Thieme Publishers at the address indicated (please check spam folder if necessary) and confirm the link with one click. This completes the Registration.

If you have already used your e-mail address or user name to log in to MedOne Education or another Thieme product, a notification will open. Log in to this window with the known user data.

If you have forgotten your password or your user name, please use the password / username-forgotten-function at this point.
Note: Please register your individual account using your **IMU email** address

1. Fill mandatory details
2. Tick accept and click **Next**
Fill mandatory details

Click Next
