Search for 'Nature' in google

2

1. Click 'Nature'

The screenshot shows a Google search for 'nature'. The search bar contains the word 'nature', which is highlighted with a red box. Below the search bar, the search results for 'Nature' are displayed, with the word 'Nature' also highlighted by a red box. The results include the website 'www.nature.com', a description of the journal, and various sections like 'Current Issue', 'Research', 'Journals A-Z', and 'Browse Articles'. On the right side, there is a detailed information panel for 'Nature' journal, including its impact factor, ISSN, editor, publisher, and discipline. The browser's address bar shows the search URL, and the Google logo is visible in the top left corner.

Click 'Login'

The screenshot shows the Nature website homepage. The browser address bar displays "nature.com". The main navigation bar includes a "MENU" dropdown, the "nature" logo with the tagline "International journal of science", a "Subscribe" button, a search icon, and a "Login" button. The "Login" button is highlighted with a red box, and a red arrow points to it from a yellow callout box on the left. Below the navigation bar, there is a large article titled "The potent effects of Japan's stem-cell policies" with a sub-headline: "A five-year regulatory free-for-all in regenerative medicine has given the industry a boost. But patients might be paying the price." To the right of the article is a colorful illustration of a vending machine with Japanese characters "幹細胞" (Stem Cells) and a hand holding a coin. Below the main article, there are two smaller sections: "Career Column | 26 September 2019" featuring "Novelist Cormac McCarthy's tips on how to write a great science paper" and "Career networking for scientists" with a note about a London careers event. On the right, there is a "Current Issue | 26 September 2019" section showing the cover of the "nature" journal.

Click 'Login via Shibboleth'

The screenshot shows the login page of nature.com. At the top, there is a dark red navigation bar with the 'nature.com' logo and a 'MENU' dropdown. On the right side of the bar are search and login icons. The main content area is white and features a 'Log in' heading. Below the heading are two input fields: 'Email' and 'Password'. The password field has a 'show' button to its right. Below the password field is a link for 'Forgot your password?'. At the bottom of the login form are three buttons: a blue 'Log in' button, a red-bordered 'Log in via Shibboleth' button, and a blue 'Log in via OpenAthens' button. A red arrow originates from a yellow callout box on the left and points to the 'Log in via Shibboleth' button. To the right of the login form is a light blue sidebar with two sections: 'Don't have an account?' with a 'Register now' button, and 'Not yet a subscriber?' with a 'Subscribe now' button.

Once successfully login, you are good to go and have full access of **Nature**

The screenshot shows the Nature journal website interface. At the top, there is a dark grey advertisement for GitLab with the text "DevOps toolchain too complex? Learn to ship code 200% faster." and a "GET THE WHITEPAPER" button. Below the ad is a red banner with the text "a natureresearch journal". The main header features the "nature" logo with the tagline "International journal of science", a "MENU" dropdown, and buttons for "Subscribe", "Search", and "Login". The featured article is titled "The potent effects of Japan's stem-cell policies" and includes a sub-headline: "A five-year regulatory free-for-all in regenerative medicine has given the industry a boost. But patients might be paying the price." The article is accompanied by a colorful illustration of a hand holding a coin, with a speech bubble containing the Japanese characters "幹細胞" (Stem Cells). The illustration also shows a grid of icons representing various organs and a person's head. The footer of the page indicates "Career Column | 26 September 2019" and "Current Issue | 26 September 2019".

Thank you!
