Entitlements: **urn:mace:dir:entitlement:common-lib-terms**

[Data privacy information of the service](#)

The information above would be shared with the service if you proceed. Do you agree to release this information to the service every time you access it?

Select an information release consent duration:

- Ask me again at next login
  - I agree to send my information this time.
- Ask me again if information to be provided to this service changes
  - I agree that the same information will be sent automatically to this service in the future.
- Do not ask me again
  - I agree that **all** of my information will be released to **any** service.

This setting can be revoked at any time with the checkbox on the login page.

Once successfully login, you are good to go and have full access of **Clinical Key**

The screenshot displays the ClinicalKey website interface. At the top, the browser tab is labeled "ClinicalKey - Lead with Answers" and the address bar shows "clinicalkey.com/#!". The ClinicalKey logo, featuring a tree and the Elsevier name, is on the left. On the right, it indicates the language is "English" and the user is logged in via "International M...". The main content area has a light orange background with the text "Search for conditions, procedures, drugs, and more". Below this is a search bar with a dropdown menu set to "All Types" and a search input field containing "Search...". Underneath the search bar is a "Browse" section with a horizontal menu of categories: "Books", "Journals", "Drug Monographs", "Guidelines", "Patient Education", "Clinical Overviews", and "Multimedia". At the bottom of the page, there are links for "News and Updates" and "Trending Topics". The Windows taskbar at the very bottom shows the time as 1:09 PM on 29/9/2019.

Thank you!
