

Using
Ebsco Discovery Service
(EDS) search engine
to access e-resources

About EDS

- EDS stands for **E**bsco **D**iscovery **S**ervice
- A product of EbscoHost
- A one stop search engine that allows you to search for resources through multiple databases in the library portal simultaneously

About this Guideline

Includes 6 parts:

1. Register / Login in into personalized account [Page 8](#)
2. Retrieve full text papers through keyword(s) [Page 12](#)
3. Create alerts for Journals and Searches [Page 18](#)
4. Access book / journal via title [Page 22](#)
5. Build search using Grid / Concept Map [Page 26](#)
6. Access Supplemental sources [Page 31](#)

The screenshot shows the IMU University Library Portal website. The browser address bar displays i-lib.imu.edu.my. The navigation menu includes: About Library, Contact us, Digital Collection, Search Engines, Digital Forms, Tutorials, Iconic FAQ, and Info. Literacy. A search bar is present with the text "Search articles, books, journals & more" and a "Search" button. A dropdown menu under "Search Engines" lists: Google Search for Subscribed e-Resources, EDS Search for Subscribed e-Resources, Koha i-Loc, and Course Reserves Search for Module-Based Resources. A "Log in" button is in the top right corner. The main content area features four panels: "Library Production Video" (with a video player icon), "e-Resources" (listing e-Books and a list of subscribed full-text e-Books), "e-Resources" (listing Online Databases and a list of subscribed databases), and "e-Resources" (listing Learning Resources Repository, Archives of Student's Theses, Dissertations & Projects, and Recent Submissions). A footer section contains "Library Operation Hours 2025" and "Meet The Librarian".

1 Access IMU Library Portal:

Abstract

Background: Epidemiological evidence which suggests that prolonged breastfeeding protects against breast cancer has accumulated in recent years. Issues with regard to the timing of breastfeeding and effect modification by correlates of breastfeeding and other risk factors of breast cancer remain unresolved.

The screenshot shows a web browser window with the URL `research-ebSCO-com.ezp2.imu.edu.my/c/o6vbsl/search/supplemental-sources?q=tuberculosis`. The page header includes the IMU University logo and the text "Supplemental Sources". A search bar at the top contains the word "tuberculosis". Below the search bar, a section titled "More content available" states: "You may find additional content and research tools from these selected sources. Most recent search: tuberculosis". A dropdown menu labeled "Send search to..." is open, showing a list of databases with checkboxes: Access Science, Nature, ScienceDirect, SpringerLink, UpToDate, and Control Digital Depository. Below the dropdown, several database options are listed with checkboxes: ClinicalKey, Nature, BMJ Best Practice, ClinicalKey for Nursing, and Ovid. A red circle highlights the dropdown menu, and a red line connects it to a yellow callout box on the right. Another red line connects the search bar to a yellow callout box on the left. A green circle with the number "35" is positioned to the left of the callout boxes.
